Dear Larry,

I want to thank you for speaking last week at our Hollstadt & Associates customer appreciation event. I first heard you speak at the Lakeville MN Rotary club and found you so entertaining and inspiring that we hired you to speak to our customers on opening day of the Masters tournament.

Not only are your stories about your quest to play the Top 100 Golf Courses in America entertaining, it is inspirational to hear how you were so persistent in continuing to chase this goal for 10 years and how you developed your networking skills to obtain these coveted invitations to play on the most elite golf courses in the U.S. We all learned several new networking skills from you.

We loved the photos you brought of these great courses and it is most interesting how, after your bicycle accident, two weeks in a coma and 8 weeks in the hospital, you were able to fully recover and finish your book A GOLFER'S DREAM. You don't have to be a golfer to appreciate this remarkable story.

I would enthusiastically recommend you as a speaker to any organization who wants to be thoroughly entertained and learn networking skills from a master. It was worth every penny we paid you.

Sincerely,

Nancy Quinnell
